Robin Clark Protecting Children Awards

CREATE Award

Do you know an awesome worker or carer or program that has made a positive difference in your life?

Do they help you have a voice and make you feel listened to. At CREATE we want to help you to tell them how much they rock! In 2013 a new award was introduced as part of the Robin Clark memorial awards called the CREATE award.

Robin Clark was an inspiring leader in the field of child, youth and family welfare, and if ever there was a super hero of workers, well she would be it. Robin believed in better life outcomes for children and young people in care and that everyone's voice was important. These awards are in honor of this amazing leader and to celebrate other superheroes that are in your life.

If you know a worker who:

- Makes you feel like you are listened to and heard
