

who we are

When you are a member you can help us create a better life for children and young people who are in statutory care.

As well as events and parties, you will get to tell us what you think about being in care.

CREATE talks to lots of children and young people and then tells the people who are making decisions what you think. Sometimes you get to tell them yourself if you want to be involved.

Your voice helps change the system for the better.

Guys I seriously encourage you to get involved with CREATE... We want everyone to have a voice, plus you get really awesome prizes, get to go to fun events, the movies, sporting activities – all for free!
