

## WHAT'S BEEN HAPPENING?

CREATE would like to announce that we have a full team in the Northern Territory!! Welcome back to Apajok and a BIG welcome to our newest team member Shoshannah! – so great to have you both on our team! Find out more about them in the Round UP!

As exciting as having a full team is, get even more excited for a full year of programs and activities. Have a look through the Round Up to see what great things we have already done this year, and if you would like to be a part of any coming up, just let us know!

## NATIONAL YOUTH ADVISORY (NYAG) GROUP DARWIN

Young people came to our office and helped us decorate their couch for Couch Surfing event happening in April!!!

Along with decorating our couch we also sat down with the young people and discussed topics with the young people and having this NYAG gave young people the opportunity to have a say and have their voice make a meaningful impact on the National Policy change.

Children's commissioner attended as well, she had great conversations with the young people and also helped with decorating our couch.

## STAFF PROFILE

### HELLO SHOSHI

**Hey mates, so nice to meet you.**

My name is Shoshi and my pronouns are she/her. That's me on the right up there.

I love being outdoors, camping, exploring and hanging with my dog June. A fun fact about me is that I can juggle and ride a unicycle.

When it comes to doing what we do, I'm all about empowerment. Being there while you uncover all that is amazing about yourself and watching you achieve change is the absolute best!

Apajok and I will be out and about so I'm sure I'll meet you in person soon.

## WHAT'S BEEN HAPPENING IN ALICE SPRINGS?

We have been running a bunch of programs recently – from an Easter Community Day featuring an epic scavenger hunt, to a YAG at Parrtjima, where not only did we get to take in the beautiful Ranges covered in lights and listen to sick tunes by First Nations artists, but we also had awesome convos. We chatted about some of the changes young people want to see from their workers and how important connecting to culture in an ongoing and meaningful way really is. We love to hear people's honest opinions about the care system and look forward to shining a spotlight on such important topics.
