Can someone help me complete my Application?

We encourage all young people to complete the CREATE Your Future Application Form on their own however, you can ask for assistance from your carer, case worker, friend etc. if you require.

What if I am not successful?

You will be sent a letter soon after the closing date advising you if your application has been successful or not. CREATE receives heaps of applications and unfortunately we do not have the funds to support each application. We do realise that it is disappointing if you miss out and we appreciate your understanding if you are not successful.
